DECLARATION OF RESTRICTIVE COVENANTS AND EASEMENTS
FOR WEDGEFIELD

Prepared by/return to: Rebecca F. Person, P.O. Drawer 1358, Fayetteville, NC 28302

THIS DECLARATION OF RESTRICTIVE COVENANTS AND EASEMENTS is made this 2nd day of February, 2011, by THOMAS FAMILY BUSINESS, INC., a North Carolina corporation, hereinafter referred to as "Declarant";

WITNESSETH:

WHEREAS, Declarant is the owner of certain property in Hoke County, North Carolina known as WEDGEFIELD PHASE 1-A, a plat of which has been duly recorded in Plat Cabinet 4, Slide 17, Map(s) 004, 005, 006 (the "Plat") of the Hoke County, North Carolina Registry; and

WHEREAS, Declarant desires that WEDGEFIELD be uniform in its development and the restrictions applicable thereto; and

NOW THEREFORE, Declarant declares that the real property described above shall be held, transferred, sold, conveyed, given, donated, leased, occupied and used subject to the covenants, restrictions, conditions, easements, assessments, affirmative obligations, and liens hereinafter set forth which are for the purpose of protecting the value and desirability of, and which shall run with, the real property described above and be binding on all parties having any right, title or interest in the described properties or any part thereof, their heirs, successors and assigns, and shall inure to the benefit of each owner thereof.

ARTICLE I
DEFINITIONS

(a) "Association" shall mean and refer to Wedgefield Owners Association, a North Carolina non-profit corporation, its successors and assigns.

(b) "Common Properties" shall mean and refer to those tracts of land with any improvements thereon which are deeded or leased to the Association. The Common Properties to be owned by the Association includes the "Proposed Detention Pond Area - Open Space" as shown on the Plat and a landscaping easement located in the entrance to Wedgefield. All Common Properties shall be

subject to the easements and other rights described herein or as shown on the Plat. The term "Common Properties" shall also include any personal property acquired by the Association if said property is designated as "Common Property." All Common Properties are to be devoted to and intended for the common use and enjoyment of the Members, persons occupying dwelling places or accommodations of members on a guest or tenant basis, and visiting members (to the extent permitted by the Board of Directors of the Association) subject to the fee schedules and operating rules adopted by the Association; provided, however, that any lands which are leased by the Association for use as Common Properties shall lose their character as Common Properties upon the expiration of such Lease.

(c) " Common Expenses" shall mean and include:

- (1) All sums lawfully assessed by the Association against its members;
- (2) Expenses of administration, maintenance, repair, or replacement of the Common Properties, including without limitation; maintenance, upkeep and repair of the retention pond in accordance with Article VI herein and the sign, lighting, and landscaping located within the entrance to WEDGEFIELD;
- (3) Expenses declared to be common expenses by the provisions of this Declaration or the Bylaws;
- (4) Hazard, liability, or such other insurance premiums as the Declaration or the Bylaws may require the association to purchase or as the Association may deem appropriate to purchase;
- (5) Ad valorem taxes and public assessment charges lawfully levied against Common Properties;
- (6) Any other expenses determined by the Board or approved by the members to be common expenses of the Association.

(d) "Lot" shall mean and refer to any numbered plot of land shown upon any recorded subdivision map of the Property, as such map or maps may be from time to time amended or modified.

(e) "Member" when used in the context of discussing the WEDGEFIELD Owners Association shall mean and refer to the Declarant and its designated officers, employees or agents and all those Owners who are Members of the Association as provided in this Declaration.

(f) "Owner" shall mean and refer to the Owner as shown by the records in the Register of Deeds of Hoke County, North Carolina, whether it be one or more persons, firms, associations, corporations, or other legal entities, including the Declarant, of fee title to any Lot depicted on the Plat, but notwithstanding any applicable theory of a mortgage, shall not mean or refer to the mortgagee or holder of a security deed, its successors or assigns, unless and until such mortgagee or holder of a security deed has acquired title pursuant to foreclosure or a proceeding or deed in lieu of foreclosure; nor shall the term "Owner" mean or refer to any lessee or tenant of an Owner.

(g) "Period of Declarant Control" means the period commencing on the date hereof and continuing until the later of (i) seven (7) years after the date of the first conveyance of a Lot to an owner other than a declarant; (ii) when a declarant no longer owns a Lot in WEDGEFIELD or any

property added to said subdivision.

(h) "Property" shall mean and refer to WEDGEFIELD as shown on the Plat. "Property" shall also include future sections of WEDGEFIELD as the same may be developed from time to time except that such future sections of WEDGEFIELD shall become subject to these covenants only from and after the recording of the plat or plats for said future section(s) and the recording of a Supplemental Declaration which incorporates by reference this Declaration and which expressly makes the new section(s) subject to these covenants, or portions of same. The Supplemental Declaration may contain such complementary additions and/or modifications of the covenants and restrictions contained in this Declaration as may be necessary or convenient, in the sole judgment of Declarant, but such modification shall have no effect on the Property shown on the Plat.

ARTICLE II SPECIAL DECLARANT RIGHTS

Declarant reserves the following special declarant rights for the entire Property, including any future sections of WEDGEFIELD during the Period of Declarant Control,:

- (a) To complete any and all improvements indicated on the plats and plans;
- (b) To exercise any development right reserved in this Declaration;
- (c) To construct and maintain any sales office, signs advertising the Property or any property which may be added thereto, management office or model on any of the Lots shown on the plat;
- (d) To use easements through the Common Properties for the purpose of making improvements within the Property or any property added thereto, including, for example, an easement for a septic tank drainage field for the benefit of one of the Lots;
- (e) To alter the size of any Lot, combine or merge two or more Lots, to subdivide Lots or other Property into Common Property;
- (f) To annex any additional property developed in conformity with the plan of development, regardless of whether now owned or acquired in the future and whether or not presently contiguous;
- (g) To use the existing roads and utility easements in favor of all future annexations;
- (h) To extend streets and utilities through platted lots;
- (i) To amend these covenants and any use restrictions reasonably in conformity with the plat of development; and
- (j) To assign the Declarant's rights to a successor in interest.

ARTICLE III UTILITIES AND UTILITY AND DRAINAGE EASEMENTS

Section 1. Declarant reserves the right to subject the Property to a contract with public utility providers for the installation of overhead and/or underground electric cable or other utilities and/or for the installation of street lighting, either or both of which may require an initial payment and/or a continuing monthly payment to such public utility provider by the owner of each improved Lot. Declarant and its successors in title may devote any Lot or portion thereof, not already sold, for any construction and uses which it, in its sole discretion, deems necessary in order to provide the

subdivision with utilities.

Section 2. Easements for installation and maintenance of utilities and drainage facilities and signs are reserved as shown on the Plat. Within these easements, no structure, planting, or other material shall be placed or permitted to remain which may interfere with the installation and maintenance of utilities, or which may change the direction or flow of drainage, or which may obstruct or retard the flow of water. All areas indicated as streets and easements on the Plat are hereby dedicated to public use for such uses forever except side yard easements which are for the use and benefit of those persons and Lots as described herein.

ARTICLE IV USE RESTRICTIONS - LOTS

Section 1. All Lots shall be used for residential purposes only and shall not be used for any business or commercial purposes; provided, however, that Declarant reserves the right to use any Lot and any improvements thereon owned by Declarant as a model home with sales office. Group homes are prohibited.

Section 2. All Lots shall be residential lots, and no structure shall be erected, altered, placed or permitted to remain on any of said Lots except one detached single family dwelling of not more than two and one-half stories in height, a private garage for not more than three cars and other out-buildings in the rear of the dwelling house which may be incidental to normal residential use in subdivisions of similar category. Any such outbuildings shall be constructed in the same manner and with the same materials as the single family dwelling located on the Lot. No manufactured metal buildings may be placed on any of the Lots.

Section 3. No dwelling shall be erected or allowed to remain on any of the Lots which shall contain a ground floor heated-area living space of less than one thousand eight hundred (1,800) square feet for a one-story single family dwelling or of less than one thousand two hundred (1,200) square feet for a two-story single family residential dwelling. Heated-area living space shall mean the ordinary living space in a house which is designed and constructed so as to be capable of being heated for regular living use in cold weather. In the computation of floor space, furnace room areas, garages, carports, and porches shall not be counted. No residence or other building, and no fence, wall, utility yard, driveway, swimming pool or other structure or improvement, regardless of size or purposes, whether attached to or detached from the main residence, shall be commenced, placed, erected or allowed to remain on any building Lot, nor shall any addition to or exterior change or alteration thereto be made, unless and until building plans and specifications covering the same, showing the nature, kind, shape, height, size, materials, floor plans, exterior color schemes with paint samples, location and orientation on the building Lot and approximate square footage, construction schedule, on-site sewage and water facilities, and such other information as the Declarant shall require, including, if so required, plans for the grading and landscaping of the building Lot showing any changes proposed to be made in the elevation of surface contours of the land, have been submitted to and approved in writing by the Declarant and until a copy of all such plans and specifications, as finally approved by the Declarant have been lodged permanently with the Declarant. The Declarant shall have the absolute and exclusive right to refuse to approve any such building plans and specifications and Lot-grading and landscaping plans which are not suitable

or desirable in its opinion for any reason, including purely aesthetic reasons connected with future development plans of the Declarant of said land or contiguous lands. In passing upon such building plans and specifications and Lot-grading and landscaping plans, the Declarant may take into consideration the suitability and desirability of the proposed construction and of the materials of which the same are proposed to be built to the building Lot upon which it proposes to erect the same, the quality of the proposed workmanship and materials, the harmony of external design with the surrounding neighborhood and existing structures therein, and the effect and appearance of such construction as viewed from neighboring properties. In the event the Declarant fails to approve or disapprove such building plans and specifications within thirty (30) days after the same have been submitted to it as required above, or the foundation of the building has been completed and approved by the local building inspection department, the approval of the Declarant shall be presumed and the provisions of this paragraph shall be deemed to have been complied with. However, no residence or other building, structure or improvements which violates any of the covenants and restrictions herein contained or which is not in harmony with the surrounding neighborhood and the existing structures therein shall be erected or allowed to remain on any part of a Lot. All driveways shall be constructed of concrete.

Section 4. All structures on any of said Lots shall comply with (i) a front setback of twenty-five (25) feet, a side yard setback of ten (10) feet, a side street setback of twenty-five (25) feet, and a rear yard setback of twenty (20) feet. For the purposes of these covenants, eaves, steps, overhangs and chimneys shall not be considered as a part of the building, provided, however, that this shall not be construed to permit any portion of any improvement on a Lot to encroach upon another Lot. When consistent with the zoning ordinance, the building line setback as provided for in this paragraph may be varied by (i) the Declarant so long as the Declarant owns any Lot in the subdivision herein described, or (ii) as much as ten (10) percent with the express written consent of the Declarant, which said consent document need not be on record in the Office of the Register of Deeds of Hoke County, North Carolina.

Section 5. No chain link, wire or concrete block fences shall be permitted on any Lot. No fence shall be erected closer to any street line than the rear corner, closest to the street, of the single family residential dwelling located on the Lot. No fence shall exceed six (6) feet in height. For those Lots which are corner lots, no such fencing may be placed or erected on an improved corner Lot any closer to the street than the back rear corner of the principal dwelling structure closest to the street and, on vacant Lots, closer to any street than the setback line. Ornamental fences (e.g., split rail fences or fences through which there is at least 75% visibility) not to exceed three (3) feet in height may be erected between the house and the street rights of way lines upon prior written approval by Declarant pursuant to Section 3 hereof. For all wooden fences, the finished side must face the exterior of the Lot and the bracing must be face the interior of the Lot.

Section 6. Television satellite or dish antennas having a diameter in excess of twenty-two inches (22") are prohibited. All allowable satellite dishes or antennae are to be placed or installed at the rear of the house or the rear corner of the Lot.

Section 7. No sign or signs other than a "For Sale" or "For Rent" sign shall be displayed on any Lot.

Section 8. No automobile or motor vehicle may be dismantled or stored on said property; and no mechanically defective automobile, motor vehicle, mechanical machine, or machinery, shall be placed or allowed to remain on said property for over thirty-five [35] days. Notwithstanding the above, these restrictions shall not apply if such vehicle is kept in an enclosed garage and out of sight from the street. Commercial vehicles, camper trailers, recreation vehicles, trailers, and/or boats shall be stored at the rear of the residence on a concrete pad and enclosed by a privacy fence.

Section 9. No trailer, tent, shack, garage, barn or similar type outbuilding shall be placed, erected or allowed to remain on any Lot without the written consent of Declarant, its successors or assigns. Nor shall any structure of a temporary character be used as a residence temporarily, permanently or otherwise.

Section 10. Only break-away mailboxes may be constructed in the subdivision; it being the intention of the Declarant to preclude the erection of permanently constructed mailboxes in the North Carolina State Right-of-Way areas. Additionally, all mailboxes and posts must be black and must meet with Declarant's approval prior to erection.

Section 11. It is understood and agreed that these restrictions are made for the mutual benefit of the grantors and grantees and any and all subsequent grantees, and all such parties shall be deemed to have a vested interest in these restrictions and the right to enforce same.

Section 12. The invalidation of any one or more or any part of any one or more of the covenants and conditions set forth herein shall not affect or invalidate the remaining covenants or portions thereof.

Section 13. No animals or poultry of any kind, except common pets, shall be placed or kept on any part of the premises. No breed of dogs that may be perceived by members of the general public as being dangerous or having a propensity for being dangerous, including, but not limited to, pitbulls, rottweilers, Dobermans, chows and German shepherds, nor any dog whose lineage includes any part of any of said breeds, nor any dog that has at any time bitten a person, nor any dog that has been trained as an attack dog, shall be permitted on the Property. There shall be a maximum of two (2) dogs and two (2) cats allowed per Lot.

Section 14. Each Lot Owner covenants and agrees that he will control the noise level emanating from any activities on the Lot at a reasonable level. The Lot Owner shall not allow the noise level to become a nuisance or to otherwise interfere with adjoining Lot Owners' reasonable use of their Lots.

Section 15. Each Lot Owner shall be responsible for the construction of a five foot (5') wide sidewalk along the Lot frontage in accordance with the Hoke County ordinance requirements at such time as construction of a residence upon the Lot is commenced.

ARTICLE V
USE RESTRICTIONS - COMMON PROPERTIES

No Owner may build or erect any structure or improvement upon or within the Common

Properties. No basketball goals may be erected or placed in the street right of way. No Owner may alter the grade or contours of any berm located within the Common Properties. No Owner may park or store motor vehicles, boats, trailers, etc., or plant or modify in any fashion the land, trees, shrubberies, and other landscaping within the Common Properties except as may be required to comply with stormwater management regulations set forth below. It is the intention of the Declarant that the Owner's Association shall be solely responsible for the maintenance, upkeep and repair of the retention pond within the Common Properties.

ARTICLE VI
USE RESTRICTIONS - STORMWATER MANAGEMENT REGULATIONS

Section 1. The covenants in this Article VI are intended to ensure ongoing compliance with State Stormwater Management Permit Number #WQ00-35041 as issued by the Division of Water Quality under the Stormwater Management Regulations.

Section 2. The State of North Carolina is made a beneficiary of these covenants in this Article VI to the extent necessary to maintain compliance with the stormwater management permit.

Section 3. The covenants in this Article VI are to run with the land and be binding on all persons and parties claiming under them.

Section 4. The covenants of this Article VI may not be altered or rescinded without the express written consent of the State of North Carolina, Division of Water Quality.

Section 5. Alteration of the drainage as shown on the approved plan may not take place without the concurrence of the Division of Water Quality.

Section 6. The maximum allowable built-upon area per Lot is 2,800 square feet. This allotted amount includes any built-upon area constructed within the Lot property boundaries, and that portion of the right-of-way between the front Lot line and the edge of the pavement. Built-upon area includes, but is not limited to, structures, asphalt, concrete, gravel, brick, stone, slate, conquina and parking areas, but does not include raised, open wood decking or the water surface of swimming pools.

Section 7. Each Lot will maintain a thirty (30) foot wide vegetated buffer between all impervious areas and surface waters.

Section 8. All runoff from the built-upon areas on the Lot must drain into the permitted system. This may be accomplished through a variety of means including roof drain gutters which drain to the street, grading the Lot to drain toward the street, or grading perimeter swales to collect the Lot runoff and directing them into a component of the stormwater collection system. Lots that will naturally drain into the system are not required to provide these additional measures.

Section 9. From the time that the detention pond and other related stormwater facilities, if any, are conveyed to the Association, the Association shall comply with the provisions of the Wet Detention Basin Operation and Maintenance Agreement dated September 14, 2010 (the "Basin

Maintenance Agreement”); a copy of which is attached hereto as Exhibit A. The Association shall save, defend, keep harmless, and indemnify Declarant, its successors and assigns, of and from all loss, damage, costs, charge, liability or expense, including court costs, attorneys' fees, and other costs and expenses incident to any suit, investigation, claim, demand or proceeding, which are threatened against or suffered, sustained, incurred or required to be paid by Declarant as a result of the Association's failure to comply with the Basin Maintenance Agreement from such time that the detention pond and other related stormwater facilities, if any, are conveyed to the Association. This covenant of Section 9 of this Article VI may not be altered or rescinded without the express written consent of the Declarant, in addition to any other party required hereunder.

ARTICLE VII
MEMBERSHIP AND VOTING RIGHTS IN THE ASSOCIATION

Section 1. Every Owner shall be a Member of the Association. The Declarant acting through its designated officers, employees and agents shall be a Member of the Association. In the case of multiple ownership of any Lot, each Owner shall be a Member, subject to such limitations and fees established by the Declarant.

Section 2. The Association shall have one type of regular voting membership. Each Member shall be entitled to one (1) vote for each Lot which he owns. The vote for such Lot shall be exercised as they determine, but in no event shall more than one vote be cast with respect to any Lot. If a residence is constructed on more than one Lot, the Owner shall have one vote for the residence, but shall have no additional vote for each other Lot comprising a part of the total consolidated home or building site so long as such Lot remains a part of the consolidated site.

Section 3. The Association shall be initially governed by a Board of Directors consisting of three (3) persons, with the number in subsequent years to be determined as provided for in the By-Laws of the Association. The Declarant shall have the right to appoint and remove all three (3) persons on the Board and to appoint and remove all officers of the Association during the Period of Declarant Control.

Section 4. Each Member shall be entitled to as many votes as equals the number of votes he is ordinarily entitled to multiplied by the number of Directors to be elected, but may not cast all of such votes for any one (1) Director and must distribute them among the number to be voted for, and all votes must be cast in whole numbers and not fractions thereof. It is the intent of this Section to prohibit cumulative voting.

ARTICLE VIII
PROPERTY RIGHTS IN THE COMMON PROPERTIES

Subject to the provisions of these Covenants, the rules and regulations of the Association, and any fees or charges established by the Association, every Member and every tenant and guest of such Member shall have a right of easement of enjoyment in and to the Common Properties and such easement shall be appurtenant to and shall pass with the title of every Lot. This appurtenant easement cannot be separated from or conveyed separately from fee simple title to the Lot. The

privilege granted to guests and tenants of Members to use and enjoy the Common Properties is subject to the following:

(a) the right of the Association, in accordance with its Bylaws, to borrow money for the purpose of improving and/or maintaining the Common Properties and providing services authorized herein and in aid thereof to mortgage said properties;

(b) the right of the Association to take such steps as are reasonably necessary to protect the above-described properties against foreclosures;

(c) the right of the Association, as provided in its By-laws to suspend the rights and easements of enjoyment of any Member, or any Tenant or Guest of any Member, for any period during which the payment of any assessment against property owed by such Member remains delinquent, and for any period for any infraction of its published rules and regulations, it being understood that any suspension for either nonpayment of any assessment or a breach of the rules and regulations of the Association shall not constitute a waiver or discharge of the Member's obligation to pay the assessment;

(d) the right of the Association to charge reasonable admission and other fees for the use of the Common Properties and any facilities included therein;

(f) the right of the Declarant or the Association by its Board of Directors to dedicate or transfer to any public or private utility, utility easements on any part of the Common Properties; and

(g) the special Declarant rights reserved herein.

ARTICLE IX COVENANTS FOR MAINTENANCE ASSESSMENTS

Section 1. The Declarant, for each Lot owned within the Property, hereby covenants, and each Owner of any Lot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges which are Common Expenses; (2) special assessments for extraordinary maintenance and capital improvements; and (3) to the appropriate governmental taxing authority, a pro rata share of assessments for public improvement to the Common Properties if the Association shall default in payment thereof. The annual and special assessments, together with interest and costs, and reasonable attorney's fees for collection, shall be a charge on the land and shall be a continuing lien upon the Lot against which each such assessment is made. Each such assessment, together with interest, costs and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such Lot at the time when the assessment fell due. The personal obligation for the delinquent assessments shall not pass to his successors in title unless expressly assumed by them.

The Association shall also have the authority, through the Board of Directors to establish, fix and levy a special assessment on any Lot to secure the liability of the Owner thereof to the association arising from breach by such Owner of any of the provisions of this Declaration which

breach shall require the expenditure of time and money or both, by the Association to repair or remedy.

Each Owner covenants, for himself, his heirs, successors and assigns, to pay each assessment levied by the association on the Lot described in such conveyance to him within ten (10) days of the due date as established by the Board, and further covenants that if said assessment shall not be paid within thirty (30) days of the due date, the payment of such assessment shall be in default and the amount thereof become a lien upon said Owner's Lot as provided herein and shall continue to be such lien until fully paid.

Section 2. The assessments levied by the Association shall be used exclusively for the paying of Common Expenses and for the use and enjoyment of the Common Properties, together with reasonable and prudent reserves, including but not limited to, the cost of repairs, replacements and additions, the cost of labor, equipment, materials, management and supervision, the payment of taxes and public assessments assessed against the Common Properties, the providing for limited access to the property, the procurement and maintenance of insurance in accordance with the Bylaws or as deemed appropriate by the Board, the employment of counsel, accountants and other professionals for the Association when necessary, and such other needs as may arise.

Section 3. The initial annual assessment for Common Expenses shall be in an amount not to exceed \$240.00 annually based on the calendar year; such annual assessment for each Lot shall commence as of January 1 of the year during which the first sale of the Lot with a completed residence occurs (the "First Sale"). In addition, each Lot shall be assessed a one time or initial start-up fee of \$75.00 at the time of the closing of the First Sale. Thereafter, the Board of Directors shall fix the annual assessment.

Section 4. Any assessment not paid within thirty (30) days after the due date shall be delinquent, in default and shall bear interest from the due date at the rate of eighteen (18%) per annum. The Association may bring an action at law against the Owner personally obligated to pay the same plus interest, costs, late payment charges and reasonable attorneys' fees, or foreclose the lien against the Lot. No owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Elements or abandonment of his Lot. The lien herein granted unto the Association shall be enforceable pursuant to Article 2A of Chapter 45 of the General Statutes from and after the time of recording a Claim of Lien in the Office of the Clerk of Superior Court in the County in which the Property is located in the manner provided therefore by Article 8 of Chapter 44 of the North Carolina General Statutes

ARTICLE X GENERAL PROVISIONS

Section 1. So long as Declarant is an owner of a Lot shown on the plat, Declarant, or any Owner, shall have the right to enforce, by any proceeding at law or in equity, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of these Restrictive Covenants. Failure by the Declarant or by any Owner to enforce any covenant or restriction herein contained shall in no event be deemed a waiver of the right to do so thereafter.

Section 2. These Restrictive Covenants shall run with and bind the land, and shall inure to the benefit of and be enforceable by the Owner of any Lot subject to these Restrictive Covenants, their respective legal representatives, heirs, successors and assigns. These Restrictive Covenants may be amended by a written recorded instrument signed by Owners of Lots to which at least seventy-five percent (75%) of the votes in the Association have been allocated. In addition, Declarant shall have the right to amend these Restrictive Covenants reasonably in conformity with the plan of development by a written recorded instrument during the Period of Declarant Control.

Section 3. In the event of any conflict between the provisions of these Covenants and any applicable provisions of the Hoke County Ordinance, the provisions of the Hoke County Ordinance shall control.

IN WITNESS WHEREOF, Declarant has caused this instrument to be executed the day and year first above written.

Wet Detention Basin Operation and Maintenance Agreement

I will keep a maintenance record on this BMP. This maintenance record will be kept in a log in a known set location. Any deficient BMP elements noted in the inspection will be corrected, repaired or replaced immediately. These deficiencies can affect the integrity of structures, safety of the public, and the removal efficiency of the BMP.

The wet detention basin system is defined as the wet detention basin, pretreatment including forebays and the vegetated filter if one is provided.

This system (check one):

does does not incorporate a vegetated filter at the outlet.

This system (check one):

does does not incorporate pretreatment other than a forebay.

Important maintenance procedures:

- Immediately after the wet detention basin is established, the plants on the vegetated shelf and perimeter of the basin should be watered twice weekly if needed, until the plants become established (commonly six weeks).
- No portion of the wet detention pond should be fertilized after the first initial fertilization that is required to establish the plants on the vegetated shelf.
- Stable groundcover should be maintained in the drainage area to reduce the sediment load to the wet detention basin.
- If the basin must be drained for an emergency or to perform maintenance, the flushing of sediment through the emergency drain should be minimized to the maximum extent practical.
- Once a year, a dam safety expert should inspect the embankment.

After the wet detention pond is established, it should be inspected once a month and within 24 hours after every storm event greater than 1.0 inches (or 1.5 inches if in a Coastal County). Records of operation and maintenance should be kept in a known set location and must be available upon request.

Inspection activities shall be performed as follows. Any problems that are found shall be repaired immediately.

BMP element:	Potential problem:	How I will remediate the problem:
The entire BMP	Trash/debris is present.	Remove the trash/debris.
The perimeter of the wet detention basin	Areas of bare soil and/or erosive gullies have formed.	Regrade the soil if necessary to remove the gully, and then plant a ground cover and water until it is established. Provide lime and a one-time fertilizer application.
	Vegetation is too short or too long.	Maintain vegetation at a height of approximately six inches.

BMP element:	Potential problem:	How I will remediate the problem:
The inlet device: pipe or swale	The pipe is clogged.	Unclog the pipe. Dispose of the sediment off-site.
	The pipe is cracked or otherwise damaged.	Replace the pipe.
	Erosion is occurring in the swale.	Regrade the swale if necessary to smooth it over and provide erosion control devices such as reinforced turf matting or riprap to avoid future problems with erosion.
The forebay	Sediment has accumulated to a depth greater than the original design depth for sediment storage.	Search for the source of the sediment and remedy the problem if possible. Remove the sediment and dispose of it in a location where it will not cause impacts to streams or the BMP.
	Erosion has occurred.	Provide additional erosion protection such as reinforced turf matting or riprap if needed to prevent future erosion problems.
	Weeds are present.	Remove the weeds, preferably by hand. If pesticide is used, wipe it on the plants rather than spraying.
The vegetated shelf	Best professional practices show that pruning is needed to maintain optimal plant health.	Prune according to best professional practices
	Plants are dead, diseased or dying.	Determine the source of the problem: soils, hydrology, disease, etc. Remedy the problem and replace plants. Provide a one-time fertilizer application to establish the ground cover if a soil test indicates it is necessary.
	Weeds are present.	Remove the weeds, preferably by hand. If pesticide is used, wipe it on the plants rather than spraying.
The main treatment area	Sediment has accumulated to a depth greater than the original design sediment storage depth.	Search for the source of the sediment and remedy the problem if possible. Remove the sediment and dispose of it in a location where it will not cause impacts to streams or the BMP.
	Algal growth covers over 50% of the area.	Consult a professional to remove and control the algal growth.
	Cattails, phragmites or other invasive plants cover 50% of the basin surface.	Remove the plants by wiping them with pesticide (do not spray).

Permit Number: _____
(to be provided by DWQ)
Drainage Area Number: _____

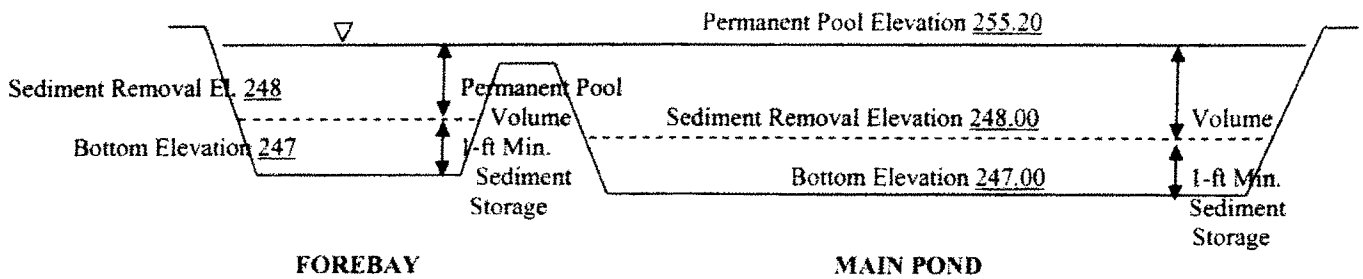

BMP element:	Potential problem:	How I will remediate the problem:
The embankment	Shrubs have started to grow on the embankment.	Remove shrubs immediately.
	Evidence of muskrat or beaver activity is present.	Use traps to remove muskrats and consult a professional to remove beavers.
	A tree has started to grow on the embankment.	Consult a dam safety specialist to remove the tree.
	An annual inspection by an appropriate professional shows that the embankment needs repair. (if applicable)	Make all needed repairs.
The outlet device	Clogging has occurred.	Clean out the outlet device. Dispose of the sediment off-site.
	The outlet device is damaged	Repair or replace the outlet device.
The receiving water	Erosion or other signs of damage have occurred at the outlet.	Contact the local NC Division of Water Quality Regional Office, or the 401 Oversight Unit at 919-733-1786.

The measuring device used to determine the sediment elevation shall be such that it will give an accurate depth reading and not readily penetrate into accumulated sediments.

When the permanent pool depth reads 7.20 feet in the main pond, the sediment shall be removed.

When the permanent pool depth reads 7.20 feet in the forebay, the sediment shall be removed.
